Summer Walking Wardens

Do you enjoy being outdoors and meeting new people?

Can you spare a bit of time to help look after Lattersey Nature Reserve?

We need friendly volunteers to join our team.

We are looking for Summer Walking Wardens to help protect this special nature reserve; to walk around the site on a regular basis, greet people, generally keep an eye on things, and to liaise with the Wildlife Trust's Reserves Officer.

If you have a few spare hours and would like get involved, or would like to find out more, please contact
