

Average Speed Camera Update 24th November

'Most' of our residents are now aware that there is ongoing work on the A605 from Whittlesey to Peterborough (including Stanground) of 'New' Average Speed Camera's – the installation is progressing 'slowly'.

Over the past week new signage has appeared and I understand that the installation of all the camera's will be completed by Christmas.....

The 'Old' camera's will be removed (at some time) –

Of course I could have saved the Police or who-ever is paying a few 'quid' – I have offered this sign found abandoned on Peterborough Road back to both the Police and Cambs Highways several times.... Alas like with 'dozens' of other discarded signs – no one came to collect.

Can not take it down the Recycling Centre as they say it is '#Scrap Metal#

So it looks like I have been lumbered with it – I bet if I put it on my fence – some jobsworth would ring me up to say I was doing something illegal !!!!! – Any takers !!
