

Good morning all

I have just been notified of a scam telephone call within the Peterborough area.

A call was made to a local resident in which the caller stated that were from the Lycamobile network.

The caller stated that £50k had been won and in order to receive the money, they needed to know their bank details.

On this occasion no bank details were revealed.

It is not known at this time if similar calls have been made outside of Peterborough and in other areas of the county.

At this time I have no more information, but please DON'T give out bank details to anyone over the phone unless you are totally satisfied that the caller is genuine, so unless you recognise the voice of the caller, the caller could be absolutely anyone so don't hand over any sensitive information about yourself including bank details.

Please inform family and friends.

For those of you registered with eCops, follow Cambridgeshire Police on social media or are supporters of Cambridgeshire and Peterborough Against Scams Partnership, you may get a similar message, but as I believe this has only recently happened, I have taken the decision to alert you now.

You have been sent this email, as we have previously been in contact and I believe that you are well connected within the local community.

For further scams information, advice and resources, visit <https://www.cambridgeshire.gov.uk/residents/community-protection/against-scams-partnership>

Best wishes

Nigel
