

New Horizons

Coaching for people in Cambridgeshire, Peterborough and West Norfolk who are out of work

I used to worry too much over money. But now I haven't got that stress.... because I know where everything's going and I know what I've got each fortnight.

Helping people make sense of their money

"I've never really laid my finances out like that before... it's kind of an eye-opener when you see it on paper like that."

Get online

"I never thought I'd learn a computer, ever! I thought someone of my age doesn't go and learn computers!"

And move closer to the job market

"Without their help, I wouldn't have got half the things done...improved my job search from about 20% to about 85%."

How we work:

New Horizons coaches work with anyone who is out of work and wanting to move closer to the job market – even if this may be a long way in the future.

- up to 20 hours one-to-one coaching support on money, getting on-line and work
- referrals to debt advice services, covering the costs of Debt Relief Orders where appropriate
- loan of a Chromebook, tablet or laptop with mobile data to get on-line
- comprehensive website with a directory of services local to Cambridgeshire, Peterborough and West Norfolk

Who we help:

Our core hubs are in Cambridge, Wisbech, Peterborough and Kings Lynn with outreach into rural areas across Cambridgeshire and West Norfolk. We offer home visits where we can or meet in local venues. To be enrolled on the project, people must have the right to live and work in the UK and must not be in paid work.

We work with people who are furthest from the job market, often experiencing social exclusion and who may:

- be struggling to make ends meet
- have accessed crisis support e.g. foodbanks
- be in debt
- live in households in which no-one works
- be affected by benefits changes including moving onto Universal Credit

Who we are:

We are managed by Cambridge Housing Society and are one of the Building Better Opportunities projects. We are funded by the European Social Fund and National Lottery Community Fund as part of the 2014–2020 European Structural and Investment Funds Growth Programme in England.

"I've learnt ... don't give up, try it again, just keep trying and trying... I now think, 'What would my New Horizons coach do?'"
