

Fenland Youth Radio - Your Local Community Radio Station

Our programmes are specially designed to appeal to a local audience with a topical mix of speech and music content.

Why Advertise on Fenland Youth Radio?

We are a not-for-profit Community project, broadcasting online and via our apps, with any profits going back into the scheme.

We have a variety of people involved across the fens these being students, professionals, community groups and volunteers working to deliver a fantastic tool to all across Whittlesey and the fens.

As a community radio station we can acknowledge your support on air in a number of ways, from overall project sponsorship, to sponsorship of individual programmes or just advertising your company or products (subject to UK broadcast legislation).

You can use this opportunity to boost your local community profile, contribute to the delivery of our educational packages to our local youth and help support one of the fastest growing CIC's in the Cambridgeshire region!

Young Technicians CIC Academy

With the success of running sessions across the Fenland, Peterborough and Cambridgeshire areas we are proud to announce that we will be opening up our new academy soon!

We are always looking for support by ways of grants, sponsorships and donations to keep the CIC running and expanding. Our new building will have a reception area with glass frontage. This is exclusively reserved for our supporters and sponsors. Here is our package option for you:

Package A - from as little as £1100 + VAT for 12 months

- Your logo on our reception area glass front (at front of building)
- Included on our dedicated page on our website with links and contact details to your website
- Up to 4 Free tickets to all in house productions at The Academy
- Exclusive mention and branding at our end of year graduations
- Social media mentions
