

USING DATA TO IMPROVE HEALTH

Healthwatch Cambridgeshire and Peterborough are working with the University of Cambridge and Public Health England to find out what you think about **how your data is used** to improve your health and the health of your community.

This event is an occasion to discuss

- What kind of data we are talking about
- How data can be used to improve health
- Who can share and who can use your data
- Your expectations and concerns about data sharing

You can have your say at a small virtual (Zoom) meeting on
Nov 26th from 10am -11.30am

OR you can have your say one to one over the phone.

Participants will receive a “Love to Shop” £15 thank you voucher

To get involved or to find out more, please contact Jo on

 07368163434 or email 7368.163434
