

YOUR LABOUR CANDIDATE FOR

Whittlesey South

**Jes
Hibbert**

**'One Cambridgeshire,
Fair for All'**

 **Labour**

Thursday 6 May

As your County Councillor my top ten priorities will include:

Ensuring that the council's funds are managed responsibly and fairly to give the Whittlesey residents real value for money by investing in sustainable projects and improving opportunities and access for our communities and businesses

Reducing poverty and inequality by prioritising funding for the poorest areas and fighting for a Real Living Wage for low-paid workers in our town

Increasing biodiversity and reducing flood risk through tree planting and establishing wild meadow verges

Campaigning for employers to offer apprenticeships to young people to get young people into education, training or work

Demanding that the focus of the County's Housing Company 'This Land' is to build decent, affordable housing for local people

Prioritising initiatives to reach net carbon zero by 2030, by helping residents with strategies to reduce their waste, increase recycling and saving energy and water.

Providing resources and support to expand the local neighbourhood watch schemes, whilst working closely with the police to ensure that our area gets the protection it deserves

Working with the local community to help develop and deliver a tailored local COVID recovery plan

Improving the rural public transport network. Campaigning for more rail investment, including completion of the Wisbech-March rail link. Pressing for a Fair Fares policy on bus and rail transport to provide a real alternative to private car use

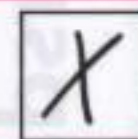

Demanding proper and fair funding to protect and invest in crucial services, such as social care, education and community hubs here in Whittlesey

Firstly, I must acknowledge the work of Alan Bristow whose untimely passing created the vacancies at Town and District. Despite our political differences our election contests were always good humoured and fairly contested. Alan always had the best interests of Whittlesey at heart.

I have lived in the ward for 36 years and until my retirement 3 years ago I worked for a local manufacturing company. I have experience as a councillor having served on Fenland District and Whittlesey Town for 8 years. During that time, I chaired various committees and was Chair of Whittlesey Town Council.

It's time for change. It is time for our voices to be heard!

In **LATTERSEY** May 6th

VOTE
Jes HIBBERT
for TOWN

Over the coming years the Town Council will play a larger role in how public services are delivered so it is important that you have a representative who believes in using the resources available effectively. I will ensure the Town Council puts attracting local small business and provision of well-paid local jobs at the forefront of its development strategy.

VOTE
Jes HIBBERT
for DISTRICT

One of the challenges facing Lattersey Ward is that the population is expected to increase by a third within the next couple of years. None of the proposed developments include provision for social housing, nor is it clear that the current infrastructure can support this increase. Whittlesey needs a mix of housing provision and the current administration is not delivering. I will strive to change this. Lattersey also endures HGV's using Inhams Rd and Station Rd to access the Industrial Estates. This is intolerable and I will work with all relevant agencies to create a bypass for the town with access to the Industrial Estates from the east.
