SUPPORTED BY

Urban&Civic

Urban&Civic are proud to support The Library Presents programme, and ensure that across the County people can enjoy, share and learn from a great programme of cultural and creative activities. Our libraries are now vibrant community spaces, in the heart of our market towns and cities. In each of the 3 developments we are bringing forward in the county – Waterbeach, Alconbury Weald and Wintringham at St Neots – we will be putting libraries

at the heart of the civic centres, to provide the place for support, events and activities, learning and sharing that is so important to people and places. So whether it is poetry, plays, art or music; story telling about the past or creative thinking about the future; we hope everyone finds some great activities to get involved with in their local community and inspiration from the creative talent around us.

Use a resource you can trust. Encyclopaedia Britannica is available online for free both in the library and at home using your library card. Access safe, up-to-date and age-appropriate information for your projects, and have fun with games, videos and cool images.
