Join our AGM and annual Members' Day at Cambourne

### Event details

#### Date

Saturday 14 October 2023

Time

9:30am - 4:00pm

## About the event

Join us for inspiration and insight about what the Trust is doing for local wildlife with your support, plus a great chance to mingle with other Trust members, volunteers, staff, and trustees.

We'd love to see you at this year's Members' Day and if you've never been to one of these events before, why not think about it this year? It's a great day, and we'd love to see you!

This year we are hosting the event at **Cambourne Village College**, starting at 9.30am with tea and coffee followed by talks from a range of speakers:

- **Great Fen – Great Future: Monitoring and Research Officer, Henry Stanier**, will talk about what is so important about the Great Fen, how its wildlife is already benefiting from our work there, and, with the Peatland Progress project just beginning, what our hopes are for the future wildlife are the Fen.
- **Senior Reserves Manager, Matt Hamilton**, will explain how Cambourne has evolved from farmland, through building site, to the three villages and nature reserve it is today. He will focus on the wildlife that has benefitted from our close involvement in the planning and management of the developments and explain how it may evolve in future.
- We will also be joined by the **Young People's Forum** who will update us on what they have been up to over the last year so plenty to inspire you about the continued work of the Trust.

**The formal AGM is at 12 noon, on Saturday 14<sup>th</sup> October 2023**

**Roy Gerstner is a member and supporter of The Wildlife Trust.**
