

**ALERT**

## **Temporary closure of Doctrin platform**

**Unfortunately, as all our Doctrin slots are full we are temporarily closing the platform.**

If you have already submitted a case, then it is in our system and will be dealt with as soon as possible.

Once more slots become available then we will reopen the platform for new cases and let patients know via our website and Facebook page.

Sorry for any inconvenience that this temporary measure may cause.

If you need to contact us in the meantime, please telephone the surgery during normal working hours, dial 111 for non-urgent cases or 999 for emergencies.
