“Empire of Light”(15)

Stars Olivia Coleman, Colin Firth, Michael Ward / Drama

A VERY powerful and moving performance by Olivia Colman. A film directed by the renowned Sam Mendes who was responsible for 1917 and Skyfall, among others. This is a 15 rated serious drama with some strong language and scenes of a sexual nature which some viewers may find offensive.

Hilary (Olivia Colman) is a cinema manager struggling with her mental health, and Stephen (Micheal Ward) is a new employee longing to escape the provincial town where he faces daily adversity. Together they find a sense of belonging and experience the healing power of music, cinema, and community.

You are all invited to come along to our cosy, warm building for a top-class movie screening plus refreshments served during the interval.

No charges are made for admission, but donations are welcomed to offset our operating expenses.

Thank you!
