

I have attached a link to a survey that has been created by Rob Drummer who is the new Director for CPP Market Place. The survey aims to get a broad understanding of the communication / marketing needs for artists and arts and culture organisations in Fenland. The idea is that the Cultural Partnership apply for funding to support the communication around arts and culture for all artists and organisations that would benefit from additional support.

If you are aware of any artists or arts and culture organisations that may be interested in getting support for comms, please share this email with them.

<https://7vpvm5t7qem.typeform.com/fenlandmarcomms>

Many thanks

Kind regards

Katherine Nightingale

CEO & Creative Director

The [Fenland Culture Partnership](#) is a working group made up of cultural organisations, community groups and representatives from Fenland District Council.

As part of our work to support the development of arts and culture across Fenland we are surveying existing marketing and communications capacity, approaches, tools and some detail on audiences.

You are receiving this survey as a key stakeholder in arts and culture in Fenland and/or because you have a responsibility for marketing arts and cultural activity. Your responses here will help us better understand how to develop capacity across the region and support each other to reach new and larger audiences for a wide range of activity.

Your responses are for research purposes and will not be published publicly. We are encouraging everyone to complete all survey questions but if you would prefer to anonymise your entries that option is available.

If you would like to discuss any part of the survey or ask any questions please email Rob Drummer, Programme Director at Marketplace
