Peter Bibb - Another Independent That Needs Your Support. (Post by Martin Curtis)

As well as having a General Election and a by-election for Whittlesey South Ward on July 4th, there is a by-election for Whittlesey St Andrews Ward of Whittlesey Town Council.

It means some Whittlesey residents have three votes on election day.

I have already covered the issue of why there are so many by-elections in Whittlesey in a [previous blog post](#).

It would be great if those of you who have a vote for the Town Council by-election would consider voting for **Peter Bibb**.

Breaking up the Conservative cabal who have torn apart what used to be a really, really good town council should be reason enough, but the main reason for supporting Peter in my opinion is that he is by far and away the best candidate for the job.

Peter has previously been a teacher and he has already put his experience in that area to good effect for Whittlesey, but he has a lot more to offer and being a Town Councillor will enable him to do that.

Thank you for reading.

Martin Curtis –
Independent Candidate for Whittlesey South July 04th.
