

Information – Update on WTC QEII Platinum Jubilee Wood

Inception was 18/11/2022 with **Phase 1**: 105 trees planted.

Phase 2 added twenty more trees (total trees – 25 Fruit trees plus 100 native trees). Furthermore, an Herb Garden and Pollination area have been added:

Community Orchard

Pear, Plum, Apple,
Pear, Cherry and
Damson.

Pollination Area

A colony of honeybees was installed to boost
pollination in the wood and surrounding gardens.

Community Herb Garden

A variety of herbs planted and
tended by Friends of Platinum
Wood volunteers.

Plus, Wildflowers have been sown in the central area of the wood, and they are expected to show prominently in 2025. A further expansion is planned for phase three.
