Dear Sir or Madam,

Re: A605 Syers Lane, Whittlesey

I am writing to advise you that our contractor Cambridgeshire Highways will be carrying out Road Marking replacement on A605 Syers Lane, Whittlesey following the recent Gripfibre Micro Asphalt Surface Treatment.

Works are programmed to take place from Wednesday 17th July for three nights, between 8pm and 4am. During this period of time the road will be closed and a signed diversion route in place for through traffic.

In order for the contractor to complete the work with minimum disruption, it is essential that no vehicles are parked on the road. If you have particular access requirements, please speak to a member of the crew onsite who will be able to assist.

Access to properties within the closure area will be possible, but are subject to working conditions, and delays are to be expected.

For further information please look out for the advanced notices on site or on the CCC website, as these will give the most up to date information; or contact our call centre or email as above.

If you have any queries regarding the works, please use the above contact details.

I apologise for any inconvenience caused and thank you for your understanding in this matter.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'M Gowler'.

Surface Treatment Manager
