North Side

09/07/2024

Dear Sir/ Madam,

DEEP IN-SITU RECYCLING AND ROAD SURFACING WORKS: North Side

It is proposed to undertake re-surfacing works on North Side. These works are expected to commence on the 25/07/2024, subject to contract, and will last approximately 3 working days.

The works will be carried out during the week (Monday to Friday) between the hours of 07:00 and 17:00.

Due to the recycling element of the resurfacing, the surface road will remain unbound until the final layer is applied and therefore the road will remain closed for 24 hours. We will however, ensure the works area is left in a suitable condition for you to access your property during evening hours.

The city council and its contractor will take every opportunity to ensure that the works progress with minimum inconvenience but it may be necessary to restrict access from time to time to your premises during working hours. Your assistance and co-operation would be appreciated. Please take care when passing through the works area at all times to ensure safety to you and the operatives onsite.

The works will be undertaken by Peterborough Highways services Depot, Dodson Way, Peterborough, PE1 5XJ.

Please also see enclosed plan showing the extent of works. If you have any questions in relation to the proposed work, please do not hesitate to contact us on the following email; Peterbough.schems@milestoneinfra.co.uk

Yours faithfully
Milestone Infrastructure
