QR code

Good morning. We are excited to share our attached poster with you! I am a director of Phoenix Youth Provision in Whittlesea, where we work with young people aged between 10 and 18. We offer quality youth work and have several groups up and running:

- Rise: for young people with additional needs
- Blaze: for young people who identify as LGBT, young carers, or those who are home educated
- Sparks: an open-access drop-in session
- A session we are planning to run from the Hangout in Whittlesea
- Mentoring and detached work known as Kick and Chips

We have very few paid roles in our organization and mainly rely on volunteers due to a lack of funds. We have reached full capacity with the volunteers we currently have, so we are reaching out to all local businesses to see if you would kindly display our poster in your staff rooms and talk to your colleagues about us. We can take on practically anyone as long as they have an enhanced DBS check, which we will carry out, and are prepared to offer at least one or two evenings a month. There are lots of training and development opportunities, and we are a happy, fun team to work with.

The QR code on the poster will take you to our website, which gives you all the information you need on how to apply, etc. We appreciate your time and support. By displaying our poster, you can help us make a difference in the lives of young people. Supporting us also shows your commitment to the community, which could enhance your business's reputation.

Thank you very much,

Bryonie Swift
