To whom it may concern,

[Notice of upcoming works]

Highway Improvement works are due to take place in your area.

This will include road resurfacing and reconstruction on Eastrea Road. The works will be undertaken from the 14/04/25 to the 09/05/25, predominately within night working hours of 20:00 – 06:00 and Eastrea Road will be closed during these dates and times to allow for safe working. Please follow the posted diversion routes during these times.

Access for residents and businesses will be maintained during the works; if you live/ work **inside** the works area, please approach the traffic management and explain where you live, they will allow you through.

We will make every effort to deliver the programme to the proposed dates and times. However, aspects of these works are weather dependant, or can be adversely affected by other similar events out of our control that may require the need to reschedule at short notice. We and our contractors shall endeavour to anticipate and overcome such challenges as they arise – as usual. If a significant change occurs, we will provide you an update to this information.

Should you have any questions or concerns about the proposed works, please contact me using the details provided above.

Yours sincerely,
James Chapman
Project Manager
