

# Manor Leisure Centre Engagement Event

Dear Members,

Due to the recent announcement of the calling of a by-election in Whittlesey and the necessary pre-election period restrictions placed on the Council during this time of sensitivity, FDC took the difficult decision to cancel the public engagement events on the redevelopment of the Manor Leisure Centre due to take place today on the Market Place and at the Leisure Centre. In standing down the arrangements, we overlooked communicating that decision to the Town Council and to the general public, for which I sincerely apologise. We know that the future of the Manor Leisure Centre is an important and exciting project for Whittlesey, and it was good to hear from Whittlesey Members at your dedicated session last week. We are keen to hear from as many people as possible, therefore we are seeking to rearrange the community engagement events for as soon after the by-election as possible (post 23<sup>rd</sup> October) and this will be publicised through FDC communications channels. If you can share the new date through your own channels that would be greatly appreciated.

Again, my apologies for the short notice cancellation of today's events and for the lack of communication in this regard. We will be in touch soon with a new date for the rearranged public engagement.

Best wishes  
Carol
