Dear Resident,

23rd October is Election Day

A reminder that the election is on 23rd October. Your polling station will be listed on your polling card. Remember to take Photo ID with you. If you haven't used your postal vote, you can take it to a polling station on the day of the election.

I hope you will read what is on this leaflet and decide to vote for me. If you aren't sure – my contact details and the web address for my blog are above – please feel free to get in touch. I am the only candidate who has made himself contactable during this campaign.

Thanks for reading

Martin

Why Vote For Me?

- 20 years previously serving Whittlesey as a local Councillor and experience working with councils across the UK and overseas.
- The best tactical voting option. I am officially supported by both www.stopthetories.vote and www.stopreformuk.vote as the best option to stop the Conservatives and/or Reform from winning.
- A myriad of ideas and thoughts to breathe new life into our wonderful town (see overleaf and my blog at www.martincurtis.net)
- Already proved I can get results – Conservatives at last went public over their plans to increase the number of bins after I exposed their silence.
- Ability and willingness to work with anyone who has Whittlesey's best interests at heart.

Did You Know? There is a dedicated board for Wisbech made up of people from across the councils in Cambridgeshire, but not one for Whittlesey? This is something that the Cabinet, including some of our Whittlesey Conservative helped put together. I would like to create one to develop a proper plan for our town, so if/when Local Government Reform happens in a few years, we can take a clear vision with us into the new council.

A few of my action points for a better Whittlesey

A Better Town Centre. To build on the great events we already hold to make sure our town centre reaches its potential

Kings Dyke Bridge. To make sure we learn the lessons from this disastrous project and to get the bus shelter next to the bridge fixed

Peterborough Merger. To open up discussions with Peterborough **NOW** so **IF** a merger happens we get the best out of it for Whittlesey

Local Plan. To recommence our local plan process so that we can take better control of where development is sited and how we plan new infrastructure including health, school places and roads

A Flag for the Fens. To promote the flag for the fens campaign, as part of a plan to strengthen our local identity

Whittlesey Relief Road. To continue to support studies for a Whittlesey relief road so we can try and avoid worsening congestion on the A605

Whittlesey Emergency Food Aid. To continue the work others have done to make sure this important charity has a home after Fenland District Council effectively abandoned it

Saxongate. To support the great work others are doing to get the right solution following this scandal

A Word of Warning

Politicians can be devious. Sometimes during elections they make accusations against candidates that, for example, stretch the truth or rely on the fact that most people don't understand the inner workings of councils. If you have any questions about claims made during this campaign please feel free to get in touch – I am the only candidate who has made themselves accessible.
