

Whittlesey Volunteer Group Network Meeting

We'd be delighted if you could join us at the next Whittlesey Voluntary Group Networking meeting on **Thursday 27 November 10am -12.00pm** in the recently refurbished Whittlesey Library, **31-35 Market Street, PE7 1BA.**

As well as a short update from the Support Fenland team , we are pleased to announce our guest speaker Debbie Lee MD of Social Enterprise East of England (SEEE) and Mark Freeman CEO of Support Cambridgeshire, who will share on **How to Raise Alternative Funding for your group.** This is part of the Vision Programme, a Cambridgeshire and Peterborough Combined Authority (CPCA) funded project involving the Whittlesey community. It's your opportunity to gain more information and find out how your group or business can get involved.

If it's your first time attending one of our meetings , the format is informal, and a real chance for you to meet other local charities/teams/organisations, to network, share good practice, and help you with all your volunteering needs !

If you would like to join us , **please reply to this email** with details of who will be attending and the name of your organisation.

Unfortunately, we are no longer able to provide lunch at this meeting, but we do promise the usual refreshments and lots of cake, and lots of time for networking.

If you are free to join us, please **reply to this email** with details of who will be attending and the name of the organisation you represent

(Email : sarah@cambridgecvs.org.uk Mobile 07871 281 565)

If you are unable to attend, and would like to send a representative, please feel free to pass this email onto them.

For information, we are also holding similar meetings in the other 3 Market Towns, and you are welcome to attend these also. Please note that Agendas may vary or be the same!
