

Local Councillor/Community Activist - Retires From NHW.

At the 2016 meeting, alas many on the photo have sadly passed away.

At the 2025 (November) meeting only 8 attended on a very cold evening.

Many successful campaigns over the past 14 years, like it or not, parking concerns within our town/villages has always been one of the top priorities,

Whether it is illegal or inconsiderate parking, our area comes under the Police to carry out such enforcement.

Some Neighbourhood Sergeants more 'engaging than others, and parking is well down on the police list of priorities.

One not so successful being the enforcement of traffic all High Causeway Whittlesey where traffic just carries on regardless of the signage or the safety of pedestrians.

Ongoing battle with Cambridgeshire CC/Highways taken up by Whittlesey Town Councillors. A Local Highways Improvement application to have 'Bollards' installed controlled by Peterborough CCTV – has stalled.
