

# Whittlesey Volunteer Group Network Meeting.

Still feeling somewhat 'rough' after my visit to Papworth on Tuesday, I thought I'd attend this event, only myself as a Councillor in attendance, some work and Cllrs Wainwright and Miscandlon at the AGM of CAB.

Some 20 or so local community/volunteer groups attended. A bit of 'networking, but on the whole much about 'sign-posting – but no actual 'money?

*Whittlesey Voluntary Group Networking meeting on **Thursday 27 November 10am -12.00pm** in the recently refurbished Whittlesey Library, 31-35 Market Street, PE7 1BA.*

As well as a short update from the Support Fenland team , we are pleased to announce our guest speaker Debbie Lee MD of Social Enterprise East of England (SEEE) and Mark Freeman CEO of Support Cambridgeshire, who will share on **How to Raise Alternative Funding for your group**. This is part of the Vision Programme, a Cambridgeshire and Peterborough Combined Authority (CPCA ) funded project involving the Whittlesey community. It's your opportunity to gain more information and find out how your group or business can get involved.

*If it's your first time attending one of our meetings , the format is informal, and a real chance for you to meet other local charities/teams/organisations, to network, share good practice, and help you with all your volunteering needs !*
