

Your Opportunity To Be Informed and Ask Questions.....

It is imperative that residents are open and honest when giving any information to the officials that are present.

If you have questions about the Public Health Risk Assessment for Saxon Pit, or would just like to find out more, then come along to an information session being held on Wednesday 4 February from 3pm to 7pm at **Manor Leisure Centre, Station Road, Whittlesey PE7 1UA.**

The session will be run as a drop-in, so you are welcome to turn up and talk to officers at a time that suits you.

The event will be hosted by Cambridgeshire County Council's Public Health service, supported by Fenland District Council's Environmental Health officers.

The team will be able to:

- **Answer any questions that you may have about:**
 - the Public Health report on Saxon Pit
 - the Public Health response to the upcoming planning variation from Johnson's Aggregates

- **Take your views on how we start to progress the report's recommendations on:**
 - Proposed meetings - including community representation (recommendation 1)
 - Cumulative health impact assessment (recommendation 3)
 - Air quality monitoring strategy (recommendation 4)

Officers from the Waste Planning Authority at Cambridgeshire County Council and the Environment Agency will also be present to answer questions about regulation.
