

## Press Release

June 10, 2026

### **Boat, and caravans stuffed with waste, dumped in Fenland**

Fenland District Council is calling for information after it had to collect and dispose of a large boat and, in separate incidents, two caravans stuffed with waste, dumped in Fenland.

A Fenland District Council spokesperson said: "We received a report on Monday (June 8) that a boat had been dumped in High Side, Gorefield. We removed it that afternoon.

"In the last couple of weeks two caravans stuffed with rubbish have also been dumped in Fenland.

"One was reported in Oldfield Lane, Wisbech, on May 26 and removed by us on May 28.

"Another was reported in Flagrasshill Road, March, on June 7, and removed by us the following day.

"We'd like to appeal for information about any of these incidents. Information can be reported through the fly-tipping form on our website or by calling us on 01354 654321.

"Fly-tipping of any nature is illegal. Fly-tipping and abandoned vehicles cost the taxpayer significant amounts of money to clear away.

"We take reports of fly-tipping very seriously and aim to prosecute the people responsible. Fly-tipping can lead to a prison sentence and unlimited fine.

"Householders and businesses must also be aware that it is an offence to allow fly-tipping by not taking proper precautions to ensure anyone they engage to dispose of waste on their behalf does so correctly and is properly registered.

"There's information on our website on how to find a registered waste carrier and how to report fly-tipping to us.

"We ask anyone who sees fly-tipping to make a note of its exact location, the day, date and time you saw it and, if you see a vehicle or individuals involved, the registration and any other identifiable features.

“Fly-tipped waste should not be disturbed by the public. Fly-tipped waste can be dangerous - it might include syringes, broken glass, asbestos, toxic chemicals or other dangerous items. It may also contain evidence that could help find those responsible and lead to prosecution.

“Fenland District Council offers a [household bulky waste removal service](#) to help people to get rid of household waste responsibly.”
