

SHARE YOUR VIEWS ABOUT LIVING NEAR SAXON PIT

Dear Neighbour,

Residents living in the areas surrounding Saxon Pit are invited to take part in a community survey about their everyday experience of living locally.

The survey forms part of a **Cumulative Health Impact Assessment**, which brings together information about local conditions and residents' experience to help understand how different aspects of the local environment may relate to health and wellbeing over time.

This work follows recommendations in a recent Cambridgeshire County Council Public Health report on Saxon Pit and the surrounding area, which highlighted the importance of gathering residents' views and experiences alongside other sources of evidence.

The assessment is being undertaken by **Volterra Partners LLP**, a specialist socio-economic consultancy, and **ECF**, a specialist community engagement consultancy, on behalf of Cambridgeshire County Council.

The study is independent and aims to build a broad understanding of residents' experiences by bringing together community feedback alongside other available evidence.

Whether your experience of living locally has been positive, negative or mixed, your views are an important part of the assessment and will help build a fuller picture of life in the local area.

More information how to participate is on the **next page**.

COMPLETE THE SURVEY

We encourage everyone in the local area to participate and share their experience of living in the areas surrounding Saxon Pit. The findings will be most valuable if as many local residents as possible take part.

The survey takes approximately 12-15 minutes to complete and will remain open until **Sunday 23 August 2026**.

To complete the survey, scan the below QR code or visit the following URL: **<https://tinyurl.com/SaxonPit>**.

If you would prefer to complete the survey over the phone, please contact the project team at **07542 016586**. If we miss you, we will return your call as soon as possible.

MEET WITH THE PROJECT TEAM

As part of the assessment, a selection of residents will be invited to take part in a voluntary follow-up interview with members of the project team.

Interviews will take place on **Wednesday 19 August 2026** and will provide an opportunity to discuss your experiences in more detail and help inform the assessment. You will need to complete the survey by **Wednesday 12 August 2026** to be considered for an interview.

You can register your interest in participating in an interview when completing the survey.

Scan this QR code using the camera app on your mobile phone.
