Sir Harry Smith
Community College

ENRICHMENT PROGRAMME 2027

About Our Enrichment Programme

At Sir Harry Smith Community College, we believe that education extends far beyond the classroom. Our enrichment programme is designed to inspire curiosity, build character and provide students with opportunities to discover new passions, develop essential life skills and create lasting memories. Through a diverse range of activities, experiences and challenges, students are encouraged to step outside their comfort zone, broaden their horizons and become confident, well-rounded individuals.

Our programme is built around five key strands:

Art & Culture "Every child is an artist. The problem is how to remain an artist once we grow up." (Pablo Picasso)

Creativity enriches lives and helps us understand the world around us. Through art, music, drama, media and cultural experiences, students are encouraged to express themselves, develop their talents and explore the rich diversity of local, national and global cultures. This strand celebrates imagination, innovation and appreciation of the arts.

Science and Nature "Look deep into nature, and then you will understand everything better." (Albert Einstein)

Connecting with nature promotes wellbeing, curiosity and environmental responsibility. Activities within this strand help students develop an understanding of the natural world, sustainability and conservation. Whether through gardening, wildlife projects or environmental initiatives, students gain valuable experiences that inspire them to care for the world around them.

Civic Duty "The best way to find yourself is to lose yourself in the service of others." (Mahatma Gandhi)

We believe in developing active, responsible citizens who make a positive contribution to their communities. This strand encourages students to engage in volunteering, leadership opportunities, community projects and charitable initiatives. Through these experiences, students learn the importance of service, empathy, responsibility and social impact.

Sport & Recreation "Success is not final, failure is not fatal: it is the courage to continue that counts."

(Winston Churchill)

Sport plays a vital role in physical health, teamwork and personal resilience. This strand provides opportunities for students of all abilities to participate in competitive sports, fitness activities and recreational pursuits. Students develop confidence, determination, leadership and a lifelong appreciation for healthy lifestyles.

Outdoor & Adventure "In twenty years from now you will be more disappointed by the things you didn't do than by the ones you did do." (Mark Twain)

Adventure challenges young people to develop courage, independence and resilience. Through outdoor pursuits and experiential learning, students are encouraged to embrace new challenges, solve problems and work collaboratively. Whether exploring new environments or developing practical skills, students build confidence that extends far beyond the activity itself.

ASPIRE Awards and Enrichment

At **Sir Harry Smith Community College**, our Enrichment Curriculum and **ASPIRE Awards** work hand in hand to support our vision of *Ambition and Aspiration for All*. The ASPIRE Awards programme recognises and celebrates achievement both in and beyond the classroom, encouraging students to develop confidence, leadership, responsibility, cultural capital and skills for life. Our extensive enrichment offer provides many of the opportunities students need to work towards these awards. Here is a link to our ASPIRE Awards scheme. download.asp.

All students are automatically enrolled on the ASPIRE Awards programme, which is built around six key strands: **Achievement, Service, Participation, Inclusive, Responsibility and Environment**. Students can achieve Bronze, Silver and Gold levels, progressing from taking part, to helping organise, and ultimately leading activities.

Making Enrichment Choices Count

Students are encouraged to make thoughtful and purposeful enrichment choices across our five curriculum strands. By participating regularly and challenging themselves to experience a variety of opportunities, students can naturally gather evidence towards their ASPIRE Awards while developing their interests and character.

Our Vision

We want every student to leave Sir Harry Smith as a confident, compassionate and ambitious young person. By making well-informed enrichment choices across all five strands, students can broaden their experiences, discover new passions and steadily progress through the ASPIRE Awards programme. Enrichment is not simply about attending activities; it is about developing character, extending the boundaries of learning and building the skills, knowledge and experiences that will prepare students for success in school, their communities and beyond

Choosing Your Enrichment Pathway

To ensure that all students benefit from a broad and balanced enrichment experience, every student is expected to engage with **at least three of our five enrichment strands during each academic year**:

- Art & Culture
- Science and Nature
- Civic Duty
- Sport & Recreation
- Outdoor & Adventure

This approach encourages students to explore new interests, develop a wide range of skills and gain experiences that support both their personal development and progress towards the ASPIRE Awards.

Selecting Your Activities

Students will make enrichment choices **at the beginning of the academic year**. For every allocation cycle, students will be asked to select:

- **Two first-choice options**
- **Three reserve (second-choice) options**

We understand that some enrichment activities involve additional costs due to specialist instruction, transport, equipment or external providers. Whilst these opportunities can offer exceptional experiences, **students are not required to choose any paid activities**, and there will always be a range of high-quality enrichment opportunities available at no additional cost.

Once all preferences have been received, we will carefully allocate places. Every effort will be made to ensure students receive as many of their preferred choices as possible. However, where activities are oversubscribed or where minimum numbers are required for a club to run, reserve choices may be used. Students in Year 11 will be priority 1 students.

Commitment to Your Choice

Enrichment is most successful when students fully commit to their chosen activities. Therefore, once allocations have been confirmed, **students will remain in their allocated enrichment activity for the entire half term and will not be permitted to change activities**.

This ensures students can fully engage in their programme, develop new skills, build positive relationships and make meaningful progress towards both their personal goals and the **ASPIRE Awards**.

Directed Enrichment

Some activities, such as taking part in a school show or production, require students to attend specific rehearsals. Students involved will be directed to these sessions, which will take priority over their chosen enrichment activity. Regular attendance, commitment and teamwork are expected to help ensure the success of the project**. This is not applicable this term.**

Duke of Edinburgh.

There are a number of activities well suited to volunteering strand of Duke of Edinburgh. These mainly fall in the Civic Duty section and are highlighted in yellow. Please note, students are welcome to contact Mr Treliving should they wish to volunteer to 'lead', alongside a member of staff in other activities.

Activity	Year Group	AA	Description
Academic Revision and Support	Year 11	Participation Achievement	Need a little extra help with your learning? Academic Boost provides a supportive space to catch up, consolidate your knowledge and build confidence across your subjects. Whether you're preparing for assessments, revising key topics or tackling tricky questions, you'll have the opportunity to work at your own pace, ask for help and develop the skills to achieve your very best!
Foreign Film Club	Year 7	Participation.	Enjoy films from around the world. Recommendations welcome. All films will be U or PG rating.
Beneath the Lines	Year 9 upwards	Participation.	This is an exciting opportunity for students who enjoy reading, discussion and exploring ideas through literature. Together, we will delve deeper into a range of texts, developing critical thinking, confidence in expressing opinions and a greater appreciation of how writers communicate powerful messages. Students will explore themes, characters and ideas beyond the classroom curriculum, considering how historical, social and cultural contexts influence both writers and their work. Through discussion, debate and creative analysis, students will develop a richer understanding of literature while strengthening their ability to form thoughtful, independent interpretations.

Scrap to Masterpiece	Year 10 and 11	Environment or Participation.	Turn unwanted paper into something extraordinary. Using collage and creative techniques, you'll transform recycled materials into beautiful pieces of art inspired by your imagination. A relaxing and mindful activity that encourages creativity, sustainability and self-expression while creating something you'll be proud to display.
Guitar Jam	All Years	Participation.	If you can play a few chords or better, please come along and we will create a beautiful noise playing about with a range of songs ranging from classic rock to up to date. Definitely the best way to unwind after a stressful week. NOT suitable for absolute beginners and students should have their own guitar.
Page to Picture	All Years	Participation.	In Page to Picture, you'll step behind the scenes to explore how stories are transformed from page to screen. Compare powerful book extracts with their film adaptations, uncover the creative decisions directors make, and debate whether the changes improve the story. From magical worlds to thrilling adventures, you'll discover how filmmakers bring characters, settings and dramatic moments to life while developing your own critical thinking and discussion skills.
Philosophy Society	All Years	Inclusive Participation.	Debate fundamentally important philosophical questions which have plagued the greatest minds of the last 10,000 years
Myths, Legends and the Lost World	Years 7, 8 and 9.	Participation	Step into a world of heroes, monsters, magic and mystery. Travel across continents and through time as we explore some of the most fascinating stories ever told. From chilling ghost stories and festive folktales to ancient Greek myths, Japanese legends, Russian folklore and the darker originals behind classic fairy tales, every week brings a new adventure. Read and discuss stories together as a group, uncover the meanings behind myths and legends, and discover how different cultures have used storytelling to explain the world around them
Political Affairs Debate Society	All Years	Inclusive Environment Participation	Students explore current affairs, political issues, ethical questions, and global challenges. Students will learn about different viewpoints, develop critical thinking skills, and build confidence in public speaking. Each session will focus on a different topic before students work in teams to research, discuss, and debate arguments. Topics may include: • Should voting be compulsory?

			• Do nuclear weapons keep countries safe? • Should social media have age restrictions? • Is climate change the greatest threat facing humanity? • Should animals be used for testing medicines? • Should schools have uniforms? • Should the voting age be lowered to 16? • Is artificial intelligence a benefit or a risk?
Reel Reviews	All Years	Participation	Love films? Ready to think like a critic, journalist or magazine editor? Reel Reviews is your chance to go beyond simply watching films and start exploring what makes them unforgettable. Watch a range of movies, share your opinions, debate the latest releases and discover how critics analyse storytelling, characters, cinematography and special effects. Working as part of a creative team, you'll write reviews, develop feature articles, create interviews, recommend must-see films and contribute to an exciting SHSCC film magazine. Whether you're passionate about blockbusters, animation, action, fantasy or independent cinema, this club gives you the opportunity to have your voice heard and your work published. Perfect for film enthusiasts, aspiring writers, future journalists and anyone who enjoys discussing the stories, characters and moments that make films memorable.
Poppy Blitz.	All Years	Service	Using a variety of artistic techniques and materials, students will design and create unique poppies that will become part of a special whole-school display. From painting and sculpture to collage and mixed media, you'll have the opportunity to express creativity while learning about the significance of remembrance and reflection. Working together, we will create a meaningful installation that honours those who have served and sacrificed, leaving a lasting impact on our school community. This is a fantastic opportunity to contribute to something bigger than yourself while developing your artistic skills and creativity.
Creative Journals	All Years	Inclusive	Create a scrapbook that's completely unique to you. Using a variety of craft materials, stickers and creative techniques, you'll design personalised pages based on your interests, hobbies, memories or favourite topics. In a calm and mindful environment with relaxing music, you'll have the opportunity to express your creativity,

			develop artistic skills and create something truly special.
Warhammer Warriors	All Years	Participation	Whether you're a seasoned commander or completely new to the hobby, Warhammer Warriors offers the chance to explore the exciting worlds of Warhammer through model building, painting and tabletop gaming. Learn how to assemble and customise miniatures, develop painting techniques to bring your armies to life, and test your tactical skills in friendly battles against other players. Along the way, you'll discover rich stories and characters from the Warhammer universe while developing patience, creativity, strategic thinking and teamwork. Whether you enjoy crafting, gaming or storytelling, there's something for everyone in this immersive hobby. Perfect for students who love fantasy, science fiction, modelling, strategy games and creative challenges.
Global Kitchen	All Years	Inclusive Participation	Develop your culinary skills by preparing a variety of exciting dishes and recipes. Learn new techniques, explore different flavours and gain confidence in the kitchen while creating food to enjoy and share. Students will provide their own ingredients, allowing them to personalise recipes and take ownership of their creations. Perfect for anyone who loves cooking, creativity and great food.
Card Creations	Years 7, 8 and 9	Participation Achievement	Unwind and get creative through the art of card making. Using a variety of materials, techniques and decorations, you'll design and create unique handmade cards for a range of occasions. This mindful and enjoyable activity is suitable for all abilities and offers a fantastic opportunity to develop creativity while making something personal and meaningful.
Bake Off	All Years	Participation Achievement	Discover the joy of baking as you create a variety of delicious sweet treats, including cookies, brownies, cupcakes and traybakes. Learn new skills, build confidence in the kitchen and get creative with flavours and decorations. No previous experience is required - just enthusiasm, imagination and a love of baking!
Art outside the Sketchbook	Year 10 and 11	Participation Achievement	Ready to get creative and try something new? Explore art on a bigger scale through large-scale painting, hands-on clay work and exciting textile projects. Experiment with different materials, develop new skills and bring your ideas to life. Whether you love designing, building or making a mess, this is your chance to think outside the box and discover what you can create!

Sounds Lab – Create your own band.	Year7, 8 and 9	Participation Achievement	Love music, singing or playing an instrument? Come along to Sound Lab and discover your inner rock star! Develop your singing skills, try instruments such as keyboard, bass guitar and electric guitar, and work with others to form your own band. Learn a song together, explore pop and rock music, and build your confidence as a performer. Whether you're a beginner or already love making music, this is your chance to make some noise
Flower Therapy	All Years	Participation Achievement Inclusive	A range of flower activities which will encourage feelings through flower arrangements and designs for students to take home.
Stitch and Unwind	All Years	Participation Achievement	Take a break, slow down and get creative with Stitch & Unwind! Explore simple hand-stitching, try embroidery or bring along your own sewing project in a relaxed and friendly space. No experience is needed, and beginners are very welcome. Whether you're learning a new skill or continuing a project, this is your chance to switch off, get creative and enjoy some mindful time away from the everyday hustle.
Piece by Piece	All Years	Participation Achievement	Love a challenge or enjoy a relaxing puzzle? Come along to Piece by Piece and put your problem-solving skills to the test! Work independently or team up with others to tackle jigsaws of all shapes and sizes. Whether you want to race against the clock, enjoy some quiet time or work together to complete a masterpiece, there's a place for everyone. Can you piece it all together?
Musical Theatre	All Years	Participation Achievement	Training in Musical Theatre on the IDTA syllabus, working towards developing skills in all three disciplines - Acting, Singing and Dancing. Working on solo, duo/trio or group performances, with the possibility to partake in formal examinations with the IDTA (International Dance Teachers Association) in partnership with a local dance school (Saldance Theatre Arts) at the end of each term.
Card Master	All Years	Participation Achievement	From classic favourites to exciting new games, there's always something to play! Join us each week to learn a different card game, develop your strategy and enjoy friendly competition. Whether you're a seasoned player or a complete beginner, come along, learn the rules and discover your next favourite game!
Love Our Library	Year 7, 8 and 9	Service Inclusive	Do you love books, enjoy a quiet space or simply want to discover something new? Love Our Library is the perfect club for you! Whether you're a passionate reader or just looking for somewhere to relax, you can explore exciting stories, share recommendations, discover new authors and enjoy some peaceful reading time. Come along, get comfortable and let your imagination take you on an adventure!

Sport, Games and Faith with Whittlesey Baptist Church.	All Years	Service Inclusive	Love sport and games? Join us for dodgeball, capture the flag, human noughts and crosses and much more! Explore what the Bible says about Jesus in a fun, relaxed environment. Everyone is welcome, whatever your beliefs!
Hocus Pocus: The Magic Academy	All Years	Participation	To teach the concepts of magic, the various forms of magic, to learn how to present magic for family friends perhaps earn a living in Association with The Peterborough Society of Magic. There would be a small cost of £15 per half term for this to cover
Hooked on Crochet	All Years	Participation	Ready to get hooked? Join our fun and creative crochet club, where you can learn the art of turning yarn into something amazing! From colourful creations to cute accessories, you'll develop new skills, explore your creativity and make something you can be proud of. No experience needed – just bring your imagination and get ready to stitch, chat and create!
The Art Lab	All Years	Participation.	Unleash your creativity and let your imagination run wild! The Art Lab is a relaxed, fun space where you can experiment with colours, explore different art techniques and create your own masterpieces. Whether you love drawing, colouring, painting or simply getting creative, there's something for everyone. No rules, no pressure – just plenty of creativity and fun!

Science and Nature

Activity	Year Group	AA	Description
Academic Revision and Support	Year 11	Participation. Achievement	Need a little extra help with your learning? Academic Boost provides a supportive space to catch up, consolidate your knowledge and build confidence across your subjects. Whether you're preparing for assessments, revising key topics or tackling tricky questions, you'll have the opportunity to work at your own pace, ask for help and develop the skills to achieve your very best!
Behind the Stable Doors	Year 9,10 and 11	Responsibility Participation Environment.	Love horses and want to learn how to care for them? Discover everything involved in keeping horses happy, healthy and well looked after. Learn about stable and field care, feeding, grooming and looking after their feet and teeth. Whether you're already passionate about horses or keen to learn something new, this is your chance to develop practical knowledge and discover what it takes to care for these amazing animals.
School Gardening Club	All Years	Responsibility Participation Environment. Service	Get your hands dirty and help transform the gardens along the Blue Corridor! Join our gardening team to bring these outdoor spaces back to life by tackling weeds, tidying flowerbeds and planning what to plant

			for spring. Work together, learn new gardening skills and make a real difference to the look and feel of our school. Whether you have green fingers or are a complete beginner, everyone is welcome to help our gardens grow!
Electronic Rocket Launch Challenge	Years 7, 8 and 9	Participation Achievement	Get ready to take STEM learning to new heights! Supported by Perkins Engines, this exciting hands-on project gives students the opportunity to work in teams to design, build and programme an electronically controlled paper rocket launcher using circuits, BBC micro:bits and coding. Through problem-solving, teamwork and experimentation, students will develop their engineering skills before putting their creations to the test in an exciting rocket launch
The Scalextric Challenge	All Years	Participation Achievement	Do you love cars, racing and getting creative? Join Design, Print & Race and bring your own racing car to life! Design your car, explore how 3D printing can turn your ideas into reality, and then put your creation to the test on the Scalextric track. Experiment with different designs, discover what makes a car fast and compete against friends to see whose creation crosses the finish line first. Whether you're interested in engineering, technology or just love racing, this is your chance to design it, build it and race it!
Quiz Master	All Years	Participation Achievement	Put your knowledge to the test! Take part in a range of fun and challenging quizzes covering everything from general knowledge and sport to music, films and much more. Work individually or in teams, sharpen your memory, develop your problem-solving skills and see who can become the ultimate Quiz Master!
The Board Game Battlezone	All Years	Participation	Love a bit of friendly competition? Join us to explore a fantastic range of board games, from old classics to modern favourites. Whether you enjoy strategy, puzzles, teamwork or a little bit of luck, there's something for everyone. Learn new games, challenge your friends and see who will become the ultimate board game champion!
The Book Nook	All Years	Participation	Fancy a little peace and quiet? The Book Nook is a chance to escape the hustle and bustle of school, find a comfortable spot and lose yourself in a good book. Enjoy some calm, uninterrupted reading time, explore new stories and discover the simple pleasure of getting lost in a book. A perfect opportunity to relax, unwind and recharge!
Psychological Research Society	Years 10 and 11	Inclusive Responsibility	Ever wondered why people think, feel and behave the way they do? Become a psychologist for the afternoon! Design your own experiments, investigate human behaviour, collect and analyse real data, and present your findings like a professional researcher. Challenge your thinking, uncover fascinating insights and discover what makes us tick!

Chill Zone – invite only	All Years	Service Participation Inclusive Responsibility	A calm and welcoming space in the Aspire Learning Hub, offering invited students the opportunity to take time out, relax and recharge. Enjoy a range of calming, sensory and mindfulness activities designed to help you unwind, develop positive wellbeing and feel refreshed. Sometimes, taking a little time for yourself is exactly what you need!

Civic Duty

Activity	Year Group	AA	Description
Academic Revision and Support	11	Participation Achievement	Need a little extra help with your learning? Academic Boost provides a supportive space to catch up, consolidate your knowledge and build confidence across your subjects. Whether you're preparing for assessments, revising key topics or tackling tricky questions, you'll have the opportunity to work at your own pace, ask for help and develop the skills to achieve your very best!
Sign It! – Discover Sign Language	All Years	Service Participation Inclusive Responsibility	A calm and welcoming space in the Aspire Learning Hub, offering invited students the opportunity to take time out, relax and recharge. Enjoy a range of calming, sensory and mindfulness activities designed to help you unwind, develop positive wellbeing and feel refreshed.
